Haiti Ousts Archbishop, Foe Of President

Accused of Aiding Students Engaged In Red Plotting

PORT AU PRINCE, Haiti (AP)—Roman Catholic Archbishop Francois Poirier, long a foe of President Francois Duvalier, was secretly hustled out of Haiti Thursday night with no baggage and no money except a borrowed dollar.

The highest church official of this Negro Catholic republic was accused of giving \$7,000 to aid striking students accused by the government of being involved in Communist plotting. To deal with the strike the government declared martial law last Tuesday. Thursday it closed all schools for Christmas vacations a month ahead of time.

Says Charge False
(The archbishop, 56, said on arriving in Miami Thursday that the charges against him were "entirely false." He is going back to his native Brittany in France.)
The churchman's expulsion was swift. Police and presidential guards arrested him at his office and escorted him to the airport where they bought him a ticket for Miami. He was put on a plane without any clothes except the white cassock he was wearing and with only a dollar loaned him by a priest.

A communiqué broadcast later by Defense Minister Aurele Joseph said the banishment was because the prelate aided the student strikers.

President Duvalier did not mention the expulsion when he addressed a rally of 6,000 of his partisans on the lawn of the National Palace.

Denouncing "lizards" who oppose him, he said he knew who they are and where they are hiding.

The president's supporters carried slogans declaring "Duvalier is the last formula" and "Duvalier or death."

The government's charges concerning the student strike were spelled out at a news conference by Gen. Pierre Merceron, the army chief, and Joseph Baguidy, foreign minister and acting education minister.

Haiti University students went on strike Monday demanding the release of Joseph Roney, student union treasurer, who was arrested in September on charges of distributing Communist tracts.

Baguidy held up a small white flag with red hammer and sickle and the numerals "26" on it. He said the flag was found at the oldest college in the city, Cuban Prime Minister Fidel Castro's revolution has been called the 26th of July Movement.

Baguidy said the strike was the work of "professional agitators, foreign and Haitian, who are

Mother of 10 Is Married to 16-Year-Old

SAN DIEGO, Calif. (AP)—A mother of 10 is jailed here on suspicion of contributing to the delinquency of a minor—the 16-year-old boy she said she married out of "true love."

Said Susan Elizabeth Young, 45, now expecting her 11th child: "I'm glad it's out in the open."

When she was arrested Wednesday, Robert Buchanan, the youth, burst into tears. "He didn't want anything to happen to her," said Sheriff's Detective Robert Majors.

Majors said the charge was based on the woman's having led Buchanan "into an illicit relationship," not because of the marriage. The ceremony was a proxy rite performed Oct. 23 in Tijuana, Mexico.

Majors said the teen-ager had been visiting Mrs. Young evenings, then returning to his parents' home for the night. He informed his mother of the marriage Wednesday and she called authorities.

Mrs. Young had two previous ex-mates, said Majors, and had been living on a \$279 welfare allotment for needy children. She said she hoped to marry Buchanan in California when "this is all over, if they'll let me."

Eight of Mrs. Young's children by her previous marriages live at home.

The oldest is 25, and the youngest, 5. Mrs. Young said she and Robert fell in love in June when he came to her home to visit her son, Robert, 19.

Holiday Weekend Road Toll Increases to 135

By The Associated Press

Traffic	135
Fires	22
Miscellaneous	31
Total	183

Traffic deaths, the nation's No. 1 accident killer, brought tragedy to many homes Thanksgiving Day, traditional holiday for family reunions.

The traffic death toll, in the first period of the extended weekend holiday, mounted to 135. Many of the accidents claimed lives in multiple numbers. So did fires. In addition to the traffic fatalities, other violent deaths included 22 in fires and 31 in miscellaneous type mishaps. The over-all total was 183.

Four traffic crashes claimed 12 lives, three in each. Eight persons perished in two fires, including four early today in a home in Pittsburgh's Homewood section. The other four victims were children who lost their lives in a fire in Canastota, N. Y.

Generally fair weather in most of the country Thursday lured millions to the highways. But the National Safety Council said traffic on Thanksgiving Day normally is not as heavy as on other major holidays.

The council did not make an estimate of traffic deaths for the holiday or for the 104-hour period which started at 6 p. m. (local time) Wednesday and ends at midnight Sunday.

But the toll appeared running close to the figure taken by The Associated Press in a survey for a non-holiday period, extending over 102 hours from 6 p. m. Wednesday Nov. 9 until midnight Sunday Nov. 13. The count was 433 traffic deaths, 69 deaths in fires and 144 killed in miscellaneous accidents, for total of 646.

Six-Pound Son Born Today To Kennedys

Birth Occurs as President-Elect Flies To Side of Wife

WASHINGTON (AP)—A 6-pound 3-ounce son with a shock of black hair was born today to President-elect and Mrs. John F. Kennedy. Radio flashed the news dramatically to the father as he was speeding from Florida to his wife's bedside.

The word changed the grim look on the president-elect's face to a happy smile. All he knew earlier was that his wife, Jacqueline, 31, had been rushed by ambulance to a Washington hospital and was undergoing a caesarean section.

Mother, Son Doing Well

Dr. John A. Walsh, the attending physician, said "both mother and son are doing beautifully." The baby was delivered at 12:22 a. m. Eastern Standard Time.

Gladys Uhl, who has served as secretary for Mrs. Kennedy, described the Kennedy boy: "He's adorable. He's giggling. He has a shock of black hair."

Kennedy, soon after returning to Washington, was driven to the Georgetown Medical Center.

He beamed happily as he looked at his son through a heavy glass window. The baby lay in an incubator in the premature baby room. He'll be there a day or two—normal procedure for a caesarean case.

After watching his son, Kennedy spent eight or nine minutes with his wife and then left the hospital. He planned to get some sleep at his Georgetown home and return to the hospital by noon.

As he left, he told newsmen the boy would be named John Fitzgerald Kennedy Jr.

First Son For Couple
The baby is the first son for the president-elect and his wife. Their daughter, Caroline, will be 3 on Sunday.

When Kennedy arrived at his home, he told newsmen he had found his wife awake and had talked with her. "She is fine," he said. Asked about his son, Kennedy said, "He is fine, too."

The president-elect had spent Thanksgiving Day with his family in their home in the Georgetown section of Washington. The baby had not been expected until mid-December, and Kennedy left Washington Thursday night for Palm Beach, Fla., to continue his postelection vacation.

But, just a few hours after Kennedy left, Dr. Walsh called an ambulance to rush Mrs. Kennedy to the Georgetown University Medical Center, a Roman Catholic hospital. The Kennedys are Catholics.

Mrs. Kennedy was carried down the steps of her home on a stretcher.

The ambulance driver, Willard Baucou, said he overheard Mrs. Kennedy, who has a history of miscarriages, ask her doctor if she was going to lose the baby.

The driver said Dr. Walsh replied, "No, don't worry." Baucou said Mrs. Kennedy then began "smiling like a baby doll."

Mrs. Kennedy was taken to a fourth floor operating room in the hospital. The baby was delivered less than an hour later.

Kennedy's plane landed at Palm Beach at 12:23 a. m. His son was a minute old. Kennedy was told that his wife had been rushed to the hospital to have a baby. Kennedy left his plane boarded the bigger and faster press plane that accompanies him on trips, and headed back to Washington. His plane left Palm Beach at 12:52 a. m. and arrived after a flight of about three hours.

At 2:50 a. m. attendants wheeled Mrs. Kennedy from the recovery room to her own room. A nurse reported that the president-elect's wife was cheerful, happy, and full of the usual questions a mother asks about a new baby.

A car with Secret Service agents followed the ambulance taking Mrs. Kennedy to the hospital. An agent stood in front of her hospital room at all times.

Mrs. Kennedy had remained in the Kennedy summer home at Hyannis Port, Mass., throughout most of the election campaign because of the expected birth.

After the election, Kennedy, his wife, and Caroline flew to Washington. Kennedy left them at the Georgetown home Nov. 11 and began his vacation in Florida.

He returned Wednesday night for a double celebration: Thanksgiving and Caroline's birthday.

Mrs. Kennedy is the former Jacqueline Bouvier, a daughter of the late John V. Bouvier III, a New York stockbroker. Her mother now is Mrs. Hugh D. Auchincloss.

Her mother and Auchincloss arrived at Georgetown Hospital Thursday night soon after Mrs. Kennedy did.

Russia Appears To Be Winning In Red Dispute

Communist Confab Reportedly Near End In Moscow

MOSCOW (AP)—The worldwide Communist summit conference, in secret session here since Nov. 9, may be near its end.

Reports at a Soviet-Finnish reception Thursday night said the conference has reached its main decisions in the argument between Red China and Soviet camp over Communist tactics.

These reports suggested that the talks might wind up tonight.

Reports filtering through to outsiders have indicated the conference has been dominated by determined bargaining and long speeches over Soviet Premier Khrushchev's line that communism is now so strong it can win the world through patient peaceful competition with Western capitalism.

The Red Chinese, voicing a much harder line, contend that war is inevitable as long as capitalism exists, and that communism would come out victorious from the ashes of a nuclear war.

Pravda declared Wednesday that peaceful coexistence is still the valid and controlling factor of Soviet policy. This was taken by some observers to mean that the Chinese views have been submerged at least to the extent that the split can be glossed over in a proclamation of Communist unity.

Officially, the Communists have never admitted that a summit meeting has been going on. But apparently another big session was held Thursday. Long lines of limousines carried the foreign delegates to and from the Kremlin.

The Soviet-Finnish reception highlighted a visit here by Finnish President Urho Kekkonen who won an important concession—a 50-year lease on the Saimaa Canal. Never before has the Soviet Union given a lease within its territory.

The 36-mile-long canal connects a rich Finnish timber region with the Baltic. The Finns had to resort to expensive overland routes for their timber exports when the Soviet border was pushed beyond the canal and the port of Viipuri (now called Vyborg) near the end of World War II.

The Finns also won Moscow's acquiescence to their association with the European Free Trade Area. The trade block of seven Western European nations aims at lower and relatively uniform tariffs among its members. The Soviets insisted on keeping their most favored nation treatment in trade with Finland, however.

Small communities bore the brunt of it. Weather Bureau forecasters said only minor flooding is to be expected along the major rivers. Along the tributaries it was another matter.

Several points reported more than four inches of rain in 24 hours, and the already sodden community of Valselt in the coast range measured 6.41 inches, making a total of 32 inches there in the past two weeks.

The streams could not handle it.

Mill Creek came bursting into the town of Turner, nine miles south of the state capital of Salem. First it spread boards from a lumber yard throughout the town of 1,000. Before midnight the entire town was under water, which was waist deep in some streets. There were no evacuations there.

U.S. 101, the coast highway, was cut in a half-dozen places by slides, most of them in the stretch between Florence and Newport.

A 300-foot-long slide buried U.S. 22 under 12 feet of mud, rocks and trees about 35 miles south-east of Salem.

Warm winds from the Pacific Ocean brought the heavy rains, but later the weather turned cold. A chill rain continued along the coast and in the Willamette Valley, but snow began falling in the Cascade and Coast ranges.

Suspension Asked of Area Road Appraiser

COLUMBUS, Ohio (AP)—A highway patrol investigation led today to a request for suspension of a highway right-of-way appraiser in the Youngstown area and a hint from Gov. Michael V. DiSalle that other action might follow.

Highway Director Everett S. Preston asked for suspension of

Nick Castor, Youngstown, in a letter to the state personnel director. The 30-day suspension would start Saturday.

"This is just the beginning of it," DiSalle told newsmen. "We don't know how far it will go. The Bureau of Public Roads is interested."

The governor said the investigation showed that material and equipment removed by contractors from buildings being demolished for highway construction was "sold and the proceeds divided."

Proceeds from sale of such items should have reduced the cost of the projects, he explained.

DiSalle said the patrol investigation has been under way several weeks and asserted that some phases started before his administration. He added the employee involved had worked for the Highway Department 10 or 11 years.

Scanlon Gets \$50 Fine At Court Hearing

James Scanlon, 41, ambulance driver from Leetonia, was fined \$50 and costs Wednesday evening following a four-hour trial in Judge Earl Spalding's court at East Palestine, for failing to exercise due caution while speeding to an emergency call Nov. 3.

His ambulance crashed into a jeep and killed its driver, Woodrow S. Bauman, 17, a Columbiana High School senior.

Four eye-witnesses who testified for the prosecution all said the traffic light at the intersection of Routes 7 and 14, where the accident occurred, was red for the ambulance.

These witnesses were Paul C. Rummell of Columbiana, Richard N. Peterson of New Waterford and Ruth Carlisle of RD 3, Lisbon, all employees of establishments at the Routes 7 and 14 intersection where the fatality occurred, and Ernest Williams, who lives nearby and who was standing along the highway at the time of the accident.

Scanlon testified in his own defense. Rv. Robert Ferguson of Leetonia, who was riding with Scanlon at the time, also testified as to details of the collision.

The ambulance was en route to a point farther east on Route 14 where a car driven by James Primm of Salem had gone into a ditch and hit a pole. Primm, former Salem city solicitor, was later fined \$30 and costs for reckless operation.

Elwood Ressler Was Charged In Boy's Shooting

Nephew Discovers Body In Barn On Salem-Warren Road

Elwood Ressler, 39, a patrolman at Meander Reservoir, was found dead this morning of a shotgun blast in his chest.

Mahoning County coroner, Dr. Nathan Belinky, returned a verdict of suicide, following an investigation.

A nephew, Joseph Smith of Youngstown, found Ressler at 4:45 a. m. lying face up in a barn next to the dead man's home on the Warren-Salem Road. The nephew told police he had awakened to do some chores, and after being unable to find Ressler in the house, went to the barn. Lying near Ressler's body was a single-shot 12-gauge shotgun.

The patrolman was involved in another shooting recently. Ressler shot and wounded an Austintown boy, Roger Herrall, 17, on Nov. 14 at the reservoir.

The Herrall boy was in a boat on the reservoir. The patrolman said he had ordered the youth to come ashore, then fired a warning shotgun blast over Herrall's head. Ressler told police the youth reached into the boat as if to grab a gun.

Ressler said he then fired at the boy, wounding him.

Herrall was taken to a Youngstown hospital, where he now is listed in fair condition.

As a result of the shooting, the boy's father filed a charge of assault with intent to kill against Ressler. He had been bound over to the grand jury.

The dead man is a son of Earl A. Ressler, Mahoning County game protector.

Special Officer For 12 Years

Elwood Ressler was born July 25, 1921 in West Austintown, the son of Earl P. and Loraine Minck Ressler. They survive.

He had lived in North Jackson for the past 10 years. For the past 12 years, he was a reservoir patrolman for the Mahoning Valley Sanitary District.

Mrs. Ressler was a graduate of Goshen High School and served with the U.S. Army Air Corps during World War II.

In addition to his parents, he is survived by his wife, the former Helen Wootopolis; and a sister, Mrs. Roy Dickerhoof of Canfield.

Funeral arrangements are incomplete. The body is at Williams Funeral Home in Canfield.

Four Held In Death of Alliance Man

ALLIANCE, Ohio (AP)—An autopsy was planned today by Dr. H. W. Gauchat, acting Stark County coroner, to determine the cause of death of Clarence McNeil, 44, of Alliance.

Meanwhile, police held without charge four men accused of taking part in a fight at the Elks Club shortly before McNeil was found Thursday morning lying on the ground at the rear of a Jersey Street home, one block from the club. He died a few minutes after being admitted to City Hospital.

Police who broke up the fight said their investigation showed McNeil had been attacked by four men at the club.

Names of the four held were not revealed.

Capt. Donald E. Cowen, acting police chief, said McNeil's wife, Hattie, and a daughter were being held as material witnesses. Cowen said Mrs. McNeil was the last person to see her husband alive.

Legislature to Meet on Monday

DiSalle Has GOP In Bind on Extending Jobless Payments

COLUMBUS, Ohio (AP)—Democratic Gov. Michael V. DiSalle appears to have Republican legislators in a real tight bind on the issue of extending jobless benefits at a special session coming up Monday.

Republican are in the minority in the present lame-duck session which dies Jan. 1, but they will be in control of the 104th General Assembly which convenes the following day.

Some GOP stalwarts have questioned whether the issue of a compensation extender should be considered by the lame-duck legislature or by the new one which

meets five weeks to the day after the scheduled special session.

DiSalle, insisting action should be taken now before mounting unemployment becomes a tidal wave which could damage Ohio's economy, went ahead with his special session call even though GOP leaders took a noncommittal attitude.

So here's the bind, a several-sided affair:

First, he offered the Republicans an emergency bill virtually identical to the one laid down in 1958 by former GOP Gov. C. William O'Neill—an emergency measure which sailed through the legislature with only one dissenting vote.

The level of unemployment then was practically the same as now. DiSalle says the only major difference is that then unemployment was falling while now it is rising. That difference, the governor asserts, makes his case for a benefit extender better than O'Neill's.

Second DiSalle's proposal for a short-term benefit extender, which would expire automatically next March 31 puts any GOP opponents of any extension proposal into a situation where they might damage their own position by voting

against the emergency clause in the DiSalle bill.

If that sounds illogical, figure it this way:

The now-majority Democrats in the legislature need Republican votes—23 in the House and 3 in the Senate—to pass the bill as an emergency and put it in effect immediately. That would permit an extra 13 weeks of benefits for those who have lost their jobs this year, have exhausted their normal 26 weeks of benefits and are still out of work.

But, the Democrats have enough of their own votes to put the proposal over as a non-emergency bill which would become effective in 90 days—about March 1. And, if the legislative situation at the time the measures comes to its first vote turns out to be that the emergency clause would not stand the Democrats can plump for a quick amendment which would project the cutoff date far into the future beyond March 31.

And, even though the new Republican legislature were so inclined, the GOP could do nothing about it. The new GOP legislature could try to repeal the Democratic-sponsored extender, but DiSalle could veto the repealer. Republicans in the new Senate will have only a 20-18 edge and they would need 23 votes to override a veto.

It seems certain, then, that next week's special session will adopt some kind of benefit extender law. It appears to be up to the Republicans whether they go along with the emergency clause and regain control of the situation 90 days after they take over the legislature or whether they sit back and watch the Democrats pass a more liberal bill.

The governor said the experts estimate his proposal will cost the unemployment insurance fund about \$26 million above the cost of the normal benefit program. A change in the cutoff date—to next June 30, for instance—could jack up the price tag considerably.

Hays Reports Total of \$688 In Contributions

Rep. Wayne L. Hays, who won re-election to the 18th District Congressional post over his Republican opponent, Atty. Walter J. Hunston of Salem, has filed a final financial report listing total contributions of \$688.

The largest single contribution was \$200 from Albert Schiappa of Steubenville, he said.

Rep. Michael J. Kirwan (D), Mahoning congressman, reported total contributions of \$2,530.

JOBLESS CLAIMS RISE

WARREN, Ohio (AP)—Unemployment pay claims in the Warren-Niles area rose to a new 1960 high during the week with 6,043 claimants on file at the Bureau of Unemployment Compensation offices here. The BUC reported this is an increase of 655 over the previous week's 5,388. At this time last year jobless pay claimants totaled 4,540.

Lorain Airman One of Three Dead In Crash

POST FALLS, Idaho (AP)—The airman son of a Lorain, Ohio, father was one of three persons killed early Thursday in a fiery rear-end auto collision near the Idaho-Washington line.

The dead airman, Arnold S. Gongaware, 23, married just a month ago and stationed at Fairchild Air Force Base in Spokane, Wash., was trying to give a stranger a helping hand when the accident occurred.

Gongaware, C. Creston Attebery, 42, of Yakima, Wash., and other volunteers had just pushed a stalled foreign-made car from the shoulder of the darkened highway when it was struck from the rear by another auto.

Attebery and a woman tentatively identified as Mrs. Darlene W. Erickson, Kalispell, Mont., also were killed. Mrs. Erickson was thrown from the struck car, pinned beneath it and burned beyond recognition when the vehicle exploded into flames.

The fire apparently was fed by gasoline which Mrs. Erickson's husband, Richard, 22, was taking back to Attebery's car which had run out of gas across the state line in Washington.

Erickson was seriously injured. The driver of the other car, Ronald Holland, 20, of Post Falls, received minor hurts.

The Erickson car stalled on the return trip from Post Falls and Gongaware and other volunteers came out of a roadside tavern to lend a helping hand.

Salineville Man Taken To Ohio Reformatory

LISBON—Gerald Edward Raffle, 23, of Salineville was conveyed to the Ohio State Reformatory at Mansfield today by Deputy Robert Berresford to begin a sentence of one to 20 years for auto theft.

Raffle, indicted by the January Grand Jury, pleaded guilty and received probation, but he violated the terms of his probation twice, and was sentenced by Judge Raymond S. Buzzard.

MOTTO TO LIVE BY

COLUMBUS, Ohio (AP)—Because of an inscription above the front door of headquarters, police here figure they'll be getting a lot of calls for help.

The calls—which flood the telephone switchboard at headquarters—come from school children. Many get the homework assignment during the first weeks of school to learn the text of the inscription. It says: "Dedicated to justice for all in the firm belief

that obedience to the law is freedom."

Mrs. John Varley, a sixth grade teacher at Christ the King School, first gave the assignment in 1957. Police said she told them that she thinks the inscription is a good motto to live by.

The Doctor Says

By Dr. H. T. HYMAN
Beware the Quack and His Panaceas

If your physician is unable or unwilling to see you in the manner suggested in yesterday's column, ask him to recommend some colleague who is interested in nervous and mental disorders and who practices near enough to your home to permit frequent visits if these are necessary.

Dr. H. T. Hyman
first consultant in your commun-

ity, or if you are unable to get an appointment with the consultant or afford the costs of treatment, ask your doctor to discuss your problem with some nonmedical person in your community who has had training and experience in dealing with difficulties such as yours. Perhaps your clergyman, especially if his studies included considerations of psychology and psychiatry. Perhaps the school psychologist or a specially trained social worker.

DO NOT PUT yourself in the hands of any lay therapist without your doctor's knowledge and consent or without the therapist's promise to keep your doctor informed of your progress at intervals of perhaps a month. These precautions may seem

unnecessarily demanding. But in no other way can you avoid getting into the hands of one of the army of psychoquacks who've been quick to take advantage of the present situation.

Despite the fact that some unqualified and untrained counselors and "faith healers" are dedicated persons of honest purpose, many are glib exploiters whose qualifications consist almost wholly of bombast, trite slogans and formulas that cannot possibly apply to all who respond to their call.

Perhaps, finger painting did save the author of an article from being a "nervous wreck," and maybe "thinking good thoughts" kept another pamphleteer from going to the "lunatic asylum." It isn't likely, however, that either or both will prove of any help to a married worker whose nerves are "shot" because he is in danger of being laid off or to a dependent girl whose intended has become vitally interested in the daughter of his boss.

Nervous and mental disorders

make up a bumper crop in this "Age of Anxiety." The medical profession has not yet been able to catch up with the increasing demand for skilled psychotherapists.

GOVERNMENTAL AGENCIES that protect our citizenry from those who exploit drugs and foods are confronted with technical difficulties that prevent effective action against individual psychoquacks.

Patients, who do not profit by the positive suggestions contained in this series of articles, may find the help they seek by contacting any of the following nonprofit agencies: National Association for Mental Health, 10 Columbus Circle, New York City 19; The Child Study Association of America, 132 East 74 St., New York City 21; or the Family Service Association of America, 215 Fourth Ave., New York City 3.

A prominent member of the United States Senate is deeply involved in the riots against token integration in New Orleans schools.

Sen Russell B. Long, brother of the late Huey Long, and one of Washington's influential legislators, has been rabble-rousing in Baton Rouge. Sen. Long added this trenchant bit of statesmanship to the flames of hatred and violence that are burning away the self-respect of New Orleans — that he is in favor of impeaching the U.S. Supreme Court for its ruling that states must not abridge the rights of Negro citizens.

This would be bad enough for any American to say at a time when the United States is trying to earn the confidence of the colored races. But Sen. Long is not just any American. He is a member of the U.S. Senate from Louisiana. He is a member of the Senate Foreign Relations Committee.

Northerners have been told that many educated southerners are resentful of the way the South is misrepresented and manhandled by his "white-trash" minority and politicians who make a career of race-baiting.

It's In There Somewhere

Added to this year's intense curiosity about the electoral college, that curious constitutional device for insulating the presidency against the shock of the popular vote, has been curiosity, first, about the nominating process and, second, the "replacement process."

What would happen if the man elected to the presidency on Election Day did not live until Inauguration Day on Jan. 20?

Interest in this question has been sharpened apparently, by a fleeting idea that the runner-up then would get the job. In this instance, because Richard Nixon has been a particularly close runner-up, that would make sense.

But that's not the way it would work. The procedure is set forth in the XXth amendment to the Constitution:

"If at the time fixed for the beginning of the term of the President, the President-elect

shall have died, the Vice President-elect shall become President. If a President shall not have been chosen before the time fixed for the beginning of his term, or if the President-elect shall have failed to qualify, then the Vice-President-elect shall act as President until a President shall have qualified; and the Congress may by law provide for the case where neither a President-elect nor a Vice-President-elect shall have qualified, declaring who shall then act as president, or the manner in which one who is to act shall be selected, and such person shall act accordingly until a President or a Vice-President shall have qualified."

The next president of the United States, if anything happened to John Kennedy—and he had been duly elected by the electoral college—would be Lyndon Johnson. If Johnson couldn't make the grade, either, Congress would have a circus.

Will Sen. Long demand the impeachment of the U.S. Supreme Court for doing what he clearly failed to do at a critical juncture last November — uphold the Constitution of the United States?

Wing Clipping Season

Inside Labor By Victor Riesel

Almost unnoticed, a new "Sacco-Vanzetti" case is stalking John F. Kennedy into the White House. It will take a latter day Solomon to solve this problem for the new administration.

Involved are eight imprisoned men — who were popular leaders of a union long active in New Deal political campaigns. These men, officials of the Textile Workers Union of America, have been in North Carolina's Central Prison at Raleigh for a few weeks. Now they are being dispatched to state work camps. From these compounds they are moved, shackled and guarded, into road gangs almost daily.

One of the eight is an organizer extremely popular inside labor. He is Boyd E. Payton, TWUA vice president, now swinging a pick and shovel on the highway.

There are seven other textile union officers jailed along with

Payton, who was the union's director for the Carolinas until he and his colleagues surrendered four weeks ago to serve terms ranging from two to 10 years.

Payton, a friend of most of labor's national chiefs, could serve as many as seven to eight years on the road gang. These are the heaviest prison sentences to hit labor official in years.

The charge was conspiracy to dynamite installations of the Henderson Mills, Henderson, N.C. The strike there went into its third year last week. There was no explosion.

No explosion, that is, except on the part of the textile workers who have been attempting to get a pardon from Gov. Luther M. Hodges, whose term expires at year's end.

Gov. Hodges, it has been unofficially "announced," will be John F. Kennedy's secretary of commerce. Until the Henderson strike he was high in labor's esteem. He started as a mill worker, himself.

Later, as an industrialist, he was one of the first in the Carolinas to encourage collective bargaining with the TWUS.

UNTIL THE NIGHT before the eight labor men surrendered to Central Prison, the national union leaders hoped for a word of executive clemency from Gov. Hodges. It didn't come.

There were harsh words that night at the farewell dinner in the Vance Hotel, Henderson, N.C. Two men high in national labor councils, William Pollack, union president, and the equally influential president emeritus, Emil Rieve (one of the founders of CIO), privately denounced the governor.

It was their opinion that the eight men were being punished more for union activity than for violation of the law. It was pointed out that there had been no dynamiting.

Boyd Payton, it was said, was an active church lay leader — and now is organizing Sunday School classes in his prison camp.

Efforts were made to contact Hodges but he had left with the governors' group for Latin America. Then came word that President-elect John Kennedy would name Hodges secretary of commerce.

Soon former CIO leaders, Walter Reuther and Jim Carey, as well as Arthur Goldberg, were asked to contact Sen. Kennedy or his close advisers to intervene with the incoming Cabinet member.

Slowly behind the scenes there began to build up sentiment for a national fight which would make "labor martyrs" of the eight in campaigns reminiscent of the Mooney and Billings and Sacco-Vanzetti cases.

A FEW DAYS ago the textile workers met. They called on all unions to start public drives for the freedom of the Carolina eight. The TWUA chiefs asked their colleagues to make this the first order of business at all "future conventions."

Slowly the embarrassing spectre of a Sacco-Vanzetti cause celebre is beginning to loom over the labor scene and may stalk noisily through the early days of the new presidency.

SIDE GLANCES

The Big City Vote

By DAVID LAWRENCE

Metropolitan Areas Decided Election

America's prestige as the champion of fair and free elections may have gotten a black eye as a result of the charges and countercharges being made about how the recent presidential election was conducted.

Three states — Illinois, New Jersey and Texas — with a total of 67 electoral votes now credited to Kennedy would, if switched to Nixon, give the latter 290 electoral votes, which is more than enough to win.

In all three states the Republican state chairmen have asked for an investigation and a recount. The charge is that illegal ballots were counted or that some ballots weren't counted at all. The Department of Justice has received many complaints of alleged voting fraud and has ordered the FBI to make investigations. Indeed, it may even be impossible to get a complete recount before the electoral votes are cast on December 19.

There is something else in the election worth studying entirely apart from the counting of the ballots themselves. It is the concentration of power in the cities and metropolitan areas where the machines and the bosses hold sway — almost all of them in the Democratic party.

IT SO HAPPENS that the margin of victory in electoral votes for Kennedy was provided by less than a dozen big cities in America. Here the political machines are effective and the popular vote in those metropolitan areas wasn't close at all.

The nation as a whole, for instance, gave Kennedy slightly more than 50 per cent of the two-party vote and Nixon slightly less. The percentage difference is about three-tenths of one point.

But when the big-city vote is considered — where 32 major big-city areas cast about 42 per cent of the nation's total — the story is decidedly different.

Ranging from 37 per cent down to 27 per cent, the Nixon vote is comparatively low in Baltimore, Chicago, Boston, Detroit, New York, Newark, St. Louis, Pittsburgh, Cleveland and Philadelphia.

In fact, in those same 32 cities the average percentage for Kennedy is 65.4, and the actual majority in them for the Democratic presidential nominee totals around three million. The Kennedy margin for the country as a whole was about 175,000.

George Bloom, Republican state chairman of Pennsylvania, made a speech the other day citing the way the big cities swung the election this year, in which he said:

"If Republicans are to elect a president, and send majorities to Congress — if we are to elect governors and control state legislatures — we must head for the big city wards with the same zeal and

dedication we display in fighting to control a county court house which represents a few thousand votes.

"The situation calls for us to strike at the heart of our problem in every major city in America."

Perhaps it isn't generally realized how the big cities can win presidential elections by reason of their predominant voting numbers.

This year only nine states, with a total of 189 electoral votes, were needed to win the Kennedy victory when added to the 81 electoral votes he received in the South, for a total of 270.

THOSE NINE states are dominated by less than a dozen big-city areas. The political machines have ready access to the voters through precinct captains and other workers, many of whom are paid to do the job.

This in itself is considered lawful but it isn't always clear whether some forms of economic coercion aren't being used, too, along with the promise or distribution of political favors.

The rural districts, on the other hand, are widely scattered and not so accessible, and similar organization work is expensive and difficult to undertake.

Back in 1937, this writer wrote a little book about the 1936 election entitled "Who Were the Eleven Million?" and presented therein an analysis of President Franklin Roosevelt's re-election majority over Alf Landon.

The point was made that nine cities alone — New York, Chicago, Philadelphia, Boston, St. Louis, Los Angeles, Detroit, Milwaukee and Cleveland — gave the Democratic nominee a margin big enough to win the electoral vote in each of those states for a total of 223.

These, together with the Solid South, provided 336 in all.

THE WRITER'S comment then was as follows:

"Here, therefore, the political strategist can see the value of concentration and whether or not one likes the idea of abolishing by constitutional amendment the electoral college system in favor of a straight popular vote, as Sen. Norris of Nebraska has urged, it must be conceded that these figures furnish some interesting food for thought to the farmers."

"Residents of our rural areas who want the prices kept down on manufactured articles they buy or the prices of food grown on the farm raised to a parity with the prices of city goods may look askance at the idea that future presidents could with political justification take their cue in national policies from a few big cities where labor is the heaviest voting group."

"This becomes especially important if we are to enter an era of price-fixing commodities by the federal government at Washington."

Do times really change very much, and do election statistics vary so much after all as pressure groups and political machines today influence our supposedly free and fair elections?

By Executive Order

By TRUMAN TWILL

A routine handout from the embassy of the Union of Soviet Socialist Republics in Washington sheds more light on a matter of concern to all of us than anything I have seen lately.

The handout describes next year's price lists and was written by the senior economist of the U.S.S.R. ministry of finance. I don't know why I read it, except it made me think of proposals in our country for government-administered prices. We tried them in wartime, but we never learn.

In Russia, on Jan. 1, the government is rejuggling the ruble, replacing each 10 rubles in circulation with one new one. This theoretically raises its purchasing power of each ruble 10 times, which is monetary value by fiat — an old custom in authoritarian countries. But always with complications, of course.

Some of the complications are dealt with in the handout sent to U.S. newspapers by the U.S.S.R. embassy I relish this passage:

"What will be done when the price is less than 10 kopecks? Take, for instance, needles, envelopes or pen points. One needle currently costs 2 kopecks; a pen point 3, 4, or 5 kopecks; and an envelope 2.5 or 4 kopecks. If we round off the prices to the full kopecks, this will mean a several-fold increase in cost. On the other hand, if we knock off the fraction less than half a kopeck, these things would have to be sold free of charge. The only way out is to alter the sales unit. Then, not one needle but a package of five, or 4 envelopes (those now costing 2.5 kopecks) will cost 1 kopeck, a package of 10 pen points — 3 kopecks, and 5 envelopes (those now costing 4 kopecks) — 2 new kopecks. A 12-page notebook now costs 13 kopecks. So that neither the customer nor the state loses anything after the New Year, it must have not 12 but 16 pages and be sold at the price of two for 3 kopecks."

All the dope was set forth in dead-on bureaucratic style. Heading for the cashier who sneezes at the absurdity or winces at the gouging certain to follow a rule that a customer must buy multiple units of things he is accustomed

to buy singly. There will be, of course, black marketing in needles, envelopes and so forth.

Even in Russia, the government can only tell people what they are supposed to do. It cannot make them do it. But in Russia it cannot be stopped from trying. No one can laugh at its edicts. No one can tell a bureaucrat to take a flying leap at a statue of Saint Joe Stalin or Saint Nicholas Lenin, or Saint Karl Marx.

Everybody must be deadly solemn about bureaucracy. What it amounts to is deification of Russian politicians. They are exalted above all other men. In their presence, everyone must keep a straight face and swallow all bureaucratic guff whole, without wincing or giggling.

There are Americans who like this idea — not card-carrying Communists living in American but Yankee Doodle Americans who feel right at home in an authoritarian atmosphere. They loved it during the war when they could chop off a citizen's good name, or the cuffs of his pants with an executive order.

They liked the Blue Eagle, which was economic authoritarianism.

They liked administered prices and the whole authoritarian shebang.

But they never liked me, and I never liked them — and that's why I read the U.S.S.R. handout about prices as of next Jan. 1. My heart ached for millions of Russians who had to take it seriously — who couldn't even mutter, "Nuts." They had lost their most precious right.

Jim Hagerty will come to ABC television system direct from valuable TV experience. He did eight years of "This Is Your Potomac," "State of the Union," "Press Session Rumor Room," "Celebrity Golf," "Capitol Quiz," "World Peace or Bust," "Father Knows Best" and "Edge of NYET."

He also ran a Washington "Candid Camera" show and used old movies, running "Abe Lincoln Sees It Through" and "Up San Juan Hill With Teddy Roosevelt" pretty often.

When Republicans needed a "whodunit" with a top role for a villain he ran "Truman & Consequences." Jim also delivered commercials for the GOP All-Purpose, Five-Way Global-Headache Pill and the Anti-Freeze Solution For Winterizing Republican Bandwagon.

Jim learned all there is to learn about cameras and airwave production of big vents and in a way saw that the presidential press conferences didn't come under the head of low wrestling matches.

Hagerty is a capable showman and did much to make many of Ike's fireside chats "The Play of the Week." Should he take a hand in ABC's Westerns he would do well. He was always as close to Ike as a deputy to a frontier marshal, ready to leap in whenever the President was in danger.

There were episodes in which he seemed to be wearing cowboy costume and showing

he was quick on the draw. There was constant roughage on the Potomac frontier. Jim would be a hit on ABC horse opera as he adopted a Gary Cooper manner and learned to say "YEP."

A test in 1,357 high schools showed few pupils could come close to spelling simple words correctly or completing a fifteen-word sentence without an error. How can the kids bother with spelling and grammar when they have to put in so much time keeping the auto in shape for the half-mile trip to and from school?

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My husband and I do not eat meat on Friday. His sister-in-law who belongs to the same religious faith doesn't pay any attention to the religious rules. According to her it's a lot of nonsense.

I have no quarrel with her and as far as I'm concerned she can do as she pleases. However, the question I would like to ask is this: My sister-in-law and her husband go to my mother-in-law's home at least twice a week for dinner. My husband and I go, also. My mother-in-law is a marvelous cook and it is her greatest pleasure to have us over for meals.

On Fridays my mother-in-law does not serve meat. This sister-in-law brings a nice juicy steak for herself. Do you think it is proper? My mother-in-law has never complained but I know she doesn't like it.—ASKING.

Dear Asking: Your sister-in-law has poor judgment, worse

Librarian Is Speaker When University Women Convene

Miss Nellie Glass, local librarian, was guest speaker at a meeting of the American Association of University Women Tuesday evening in the Ohio Fuel Gas Co. building.

A former state chairman of legislation for the State of Alabama in AAUW, Miss Glass explained functions of the branch legislative committee and how the committees are organized from the local up to state levels.

As an example, she cited specific items which the AAUW was instrumental in getting passed in national Congress, stating that AAUW's legislative representatives to Congress carry more weight than similar lobbyists.

Miss Glass enumerated the current programs that meet AAUW approval; some are equal civil rights, suffrage for Washington, D.C., development of library services, support for educational uses for all mass media, support for the assignment for outer space for peaceful uses only, and equal pay for equal work legislation.

The speaker suggested practical methods for every branch member to use in furthering the approved legislation. She suggested that members write to their congressmen concerning the bills ap-

proved by AAUW, and that if an example can be brought into the would effect the writer or her community personally, it would be a more effective letter.

The program was presented by the legislative committee headed by Mrs. Helen Myers.

Mrs. Richard Cook presided at the business session and made an appeal for tax stamps for the Student Council of Salem Senior High School to help in sponsoring another foreign student in Salem.

Refreshments were served by Miss Edith Forbes and Mrs. Frank Tarr.

Lindley Vickers, naturalist of Mill Creek Park, will speak on "Park Portraits" at the Dec. 13 dinner meeting at 6:30 p.m. in the Lake Hotel. Reservations may be made until Dec. 10 by calling Mrs. Walter Strain.

Tri-County Players to Give Comedy Production Dec. 2, 4

First offering of the newly-organized Tri-County Players will be presented Dec. 2, 3 and 4 in Sebring.

The play, "The Man Who Came to Dinner," will be at 8 p.m. each night in the renovated Strand Theater.

Tri-County players was organized recently by four Sebring couples. The organization now includes interested theatrical persons from Salem, Lisbon, Alliance, Maple

Ridge and Damascus. The Strand Theater was purchased by a group known as Tri-Co. Company to provide a "home" for the new activity. The stage and lighting was remodeled with volunteer help to accommodate amateur theatrical productions and movies.

"The Man Who Came to Dinner" is a three-act comedy which has gained widespread fame through stage productions and the movies. It is the fast-moving story of wealthy Sheridan Whiteside (played by Gene Fainert of Sebring), who, with his secretary, Maggie Cutler (Jo Morrison of Alliance) accepts a dinner invitation to the home of Mr. and Mrs. Ernest Stanley (Ed Gabriel of Sebring and Barbara Shepard of Salem) and has the misfortune of breaking his hip on their front doorstep. He is confined to the Stanley home for some weeks.

Other members of the cast include: Lorraine Sheldon (Barbara Tietjen of Salem), Beverly Carlton (Bob Cort of Salem), Banjo (Walt Taylor of Salem), and Bert Jefferson (Fred Learmouth of Alliance).

The production is directed by Mary Lou Conroy of Alliance. Walter Taylor is her assistant.

Living Costs Rise to Hit Another Peak

WASHINGTON (AP) — Living costs rose four-tenths of one percent in October to hit another peak.

Nearly half the increase was attributed to higher food prices but practically every element of consumer expenditures advanced.

The government index rose to 127.3 per cent of the 1947-49 average. This is 1.4 per cent higher than a year ago.

The October increase was the largest since last April. The index increased in eight of the first 10 months of 1960.

The new cost increase will bring a pay boost of two cents an hour to approximately a million workers in auto and farm equipment manufacturing.

About 80,000 other workers in the farm equipment industry and in several small aircraft firms are due a one-cent hourly increase.

Under labor contracts, the pay rates of these workers are adjusted to changes in the government index.

The income tax, passed by City Council, Nov. 15 over Mayor Dean Cranmer's veto, will be in effect from Jan. 1 to Dec. 31, 1961. It will be collected at the rate of one half of one per cent on all incomes earned within the city and is expected to yield \$150,000 for the year it will be in effect.

Negro Football Game Held Without Trouble

MONTGOMERY, Ala. (AP) — Montgomery was relaxing today after threats of Thanksgiving Day race violence failed to materialize at a Negro college football game.

Officers arrested five white men, who later were released on bond, as groups of white persons were kept moving at Thursday's game between Tuskegee Institute and Alabama State College.

Though signs were posted the city Thursday morning urging "10,000 white people" to appear, at the game, nowhere near that figure showed up at Cramton Bowl.

City and county officers kept white persons moving and broke up white gatherings near the stadium, making it difficult to estimate the size of the crowd outside the bowl.

The arrests were made near a restaurant in the vicinity of the publicly owned bowl, where Tuskegee defeated Alabama State 12-8.

The approximately 8,000 Negro spectators left the game without incident.

Texas Defeats Texas A&M 21-14 for Fourth Straight Win

Penn Drubs Cornell 18-7

Richmond, Denver, Virginia Tech Roll

By JACK CLARY
Associated Press Sports Writer
Texas' abrupt turnaround from a so-so outfit in midseason to one that took its last four games has snared a berth for the Longhorns in Houston's second annual Bluebonnet Bowl. But not even this, or Mississippi's do-or-die struggle Saturday to gain the national title has taken the luster off one of the toughest Army-Navy games to come down the pike in a long time.

The two service schools meet in Philadelphia Stadium Saturday afternoon as the highlight of the final big day of the 1960 college football season.

Mississippi's game against Missouri State could raise a few brows, at least when the final Associated Press poll is released next week. That is the one that determines the national champion, and Ole Miss, third this week, is going to try and impress the selectors who have Minnesota, champion of the Big Ten and Rose Bowl-bound, presently No. 1.

Texas did a bit of impressing Thursday. The Longhorns, 3-3 in mid-October, won their fourth straight, 21-14 over Texas A&M, to help change Coach Darrell Royal's mind about forgoing any post season play. Their opponent in the Bluebonnet still is unnamed but Alabama (6-1-1) reportedly has the inside track. Bama meets eighth-ranked Auburn Saturday.

Elsewhere on Thursday, Penn made Cornell Coach Lefty James' swan-song a sad one, beating the Big Red 18-7 while Virginia Tech surprised Southern Conference champion Virginia Military 13-12.

In another Southern Conference game, Richmond easily handled William & Mary 19-6. Denver quarterback Ramiro Escandon set a host of school records in a 21-12 victory over Colorado State U., while Missouri Valley Conference champion Wichita romped over West Texas State 31-14.

All other top-ranked teams have finished their season, but undefeated and untied New Mexico State (9-0) goes after its 14th straight victory and the Border Conference crown against Texas Western. However, a loss, and a win by second place Arizona, will give the latter the title.

Rice (7-2) plays Gator Bowl-bound Baylor (7-2), aiming for a victory that would give the Owls a tie for the Southwest Conference title and most likely send them to the Sugar Bowl. Arkansas has already nailed down at least a share of the SWC crown and is in the Cotton Bowl.

Florida (7-2), which Thursday night voted to accept a Gator Bowl bid but which also, by SEC rules can't officially say "yes" until its season ends, plays Miami (6-2). The Gators are being a bit flexible, and will accept an Orange Bowl bid instead if one comes their way.

Tennessee (5-2) bowl conscious, plays Vanderbilt (3-6) while Georgia Tech (5-4) also mentioned for post season play, goes against Georgia (5-4). Notre Dame (1-8) and Southern California (4-5) wind up poor seasons in Los Angeles with their traditional battle. Holy Cross (5-4) and Boston College (3-5-1) do likewise in Boston.

Houston, Boston Will Tangle Today

Houston, Eastern Division leader and with the best record in both divisions, takes on the Patriots at Boston in the only American Football League game on today's schedule.

Houston is 7-3, in the league, and will retain its division lead no matter what happens, inasmuch as Boston, in second place, is 5-5.

In the only Thanksgiving Day encounter the New York Titans snapped a four-game losing streak in defeating Dallas in a wild-scoring game 41-35, thanks to the all around offensive play of Al Dorow.

Dorow threw for two touchdowns, ran for one, and set up two more with passes. He had 21 completions in 36 pass attempts, good for 301 yards in the Titans' final home game.

Abner Haynes, the league's leading ground gainer, scored two Houston touchdowns, and Cotton Davidson passed for the other two. Jack Spikes kicked field goals of 14 and 11 yards.

Browns Gird for Cardinals Sunday

CLEVELAND (AP) — It was work as usual for the Cleveland Browns Thanksgiving Day as they concentrated on defense in their practice session.

They will be battling to keep alive their slim chance for the National Football League title when they meet the St. Louis Cardinals Sunday in St. Louis.

Now in third place in the NFL's Eastern Conference with a 5-3 record, Cleveland would be dropped to fourth by a St. Louis victory. The Cardinals are 5-4.

Iowa No. 1 Big Ten Team On Offense

CHICAGO (AP) — Iowa, co-champion with Rose Bowl-bound Minnesota, today was certified as the Big Ten's No. 1 team on offense for the second consecutive year.

Final official conference football statistics gave the Hawkeyes the edge over Ohio State with averages of 27.2 points a game, 15.5 first downs and 303.5 total yards.

Ohio State averaged 21.5 points, 14.8 first downs and 307.7 yards. Minnesota, the defensive leader most of the season, gave way to Michigan in the final ranking. The Wolverines yielded averages of 11.8 points, 12.5 first downs and 231.5 yards.

The Gophers were second in defense and Northwestern third.

The major individual champions were: Total offense—Ron Miller, Wisconsin, 981 yards; rushing—Bob Ferguson, Ohio State, 560 yards on 114 carries for a 4.9 average; passing—Miller, 72 completions in 144 attempts for 966 yards and 4 touchdowns.

Tom Matte of Ohio State was second to Miller in total offense with 952 yards and the best average, 5.4 yards per play. Matte also was second, to teammate Ferguson, in rushing with 471 yards, and second in passing.

Bernie Allen of Purdue was third in passing and third in total offense, completing 49 of 83 passes for 601 yards and adding 111 yards rushing.

Wilt Sets Mark, But Team Loses

Warriors Nipped 132-129 by Celtics

PHILADELPHIA (AP) — Wilt Chamberlain had just established his ninth new National Basketball Association record and his first this year but the big guy wasn't overjoyed at all.

His Philadelphia Warriors lost Thursday night to the Boston Celtics, 132-129, as the Celtics, winning their fifth straight, increased their Eastern Division lead to half a game over the Warriors.

Chamberlain's 55 rebounds, which broke Bill Russell's old NBA record of 51 against Syracuse on Feb. 8, 1959, plus his 34 points had kept the Warriors in the game until Sam Jones and Gene Conley got hot in the final six minutes to pull the Celtics from a 114 tie to victory.

Asked how it felt to own the new rebound record, the 7-1 Wilt said: "Well, I'd have felt a lot better if we'd won. We were trying hard to win and the loss takes the luster away from it (the rebound record)."

In other NBA games Thursday night, St. Louis, Western Division leader, easily defeated Syracuse 132-97 and Los Angeles beat Cincinnati 108-100.

Pair Tied In First Round of Tourney

MOBILE, Ala. (AP)—A veteran who hasn't won a tournament in nearly seven years and a young pro seeking his first tournament victory are tied with 6-under-par 66s after the first round of the Mobile Open golf tournament.

Freddie Haas, 44, of New Orleans toured the 6,900-yard par 36-72 Mobile Municipal in 32-34-66. He birdied six holes and parred the rest.

Jon Gustin, 28, of Gladwyne, Pa., carded a 33-33-66, sinking seven birdies and going over par only once.

Gustin joined the traveling pros on a full-time basis in August 1959.

The field of 148 will be trimmed to the low 60s and ties after today's second round. Eighteen-hole rounds are scheduled for Saturday and Sunday.

Arnold Palmer, leading money winner of the year, was tied with six others two strokes back of the leaders. Palmer rejoined the tour here after a two-month layoff. He needs a little more than \$1,100 to become the all-time top money winner for a year.

Lions Blast Packers 23-10

Fumbles Play Big Part In Detroit Win

By DAVE DILES
Associated Press Sports Writer
DETROIT (AP) — A Detroit Lions fan full of the holiday spirit grabbed Coach George Wilson by the lapels and spoke in authoritative tones:

"Your offense was clicking and you had those other guys defended perfectly. What more can a guy ask, huh?"

Wilson's reply was: "Three more victories just like this one."

The Detroit coach was grateful for his team's 23-10 victory Thursday that just about knocked the Green Bay Packers out of title consideration in the National Football League's Western Division. Two fumbles and a blocked punt led to all but one score in the nationally televised contest.

Wilson called it his team's finest game of the year. It brought the Lions' record to 4-5.

"We haven't rushed a passer like that in a long, long time," said Wilson. "And that's the biggest thing in football. If you can get to the other club's passer, and protect your own, you can win."

Detroit linemen threw quarterbacks Bart Starr and Lamar McHan for 60 yards in losses.

Detroit's Jim Ninowski, appearing before 54,123 fans, tossed for 182 yards with 19 completions out of 34 tries.

For the Packers, it was a bitter and frustrating loss to a team they had beaten 28-9 earlier in the season.

Los Angeles draws a bye Sunday, but the other clubs will be in action. The schedule finds Cleveland at St. Louis, Dallas at Chicago, New York at Philadelphia, San Francisco at Baltimore and Washington at Pittsburgh.

Muskingum Has 7 On All-O.C. Team

DELAWARE, Ohio (AP)—Ohio Conference coaches today announced their All-Ohio Conference football team selections, with champion Muskingum College and runner-up Ohio Wesleyan University dominating the list.

Muskingum, which has been rated one of the finest teams in conference history, placed seven men on the first offensive or defensive units, two men on second teams. Coach Ed Sherman's squad won all nine games, seven in league play.

Second-place finisher, Ohio Wesleyan, with a 6-1 mark, placed four men on the first team, five on

Cornell Fires Football Coach

James Was Head Mentor 15 Years

PHILADELPHIA (AP) — The story is that in the Ivy League they play football for fun. Don't tell that to the coaches.

The firing of George K. (Lefty) James by Cornell Thursday marked the fifth head coach to be replaced in the staid old loop since it was formalized in 1956.

Penn, Harvard, Columbia, Brown and now Cornell have installed new coaches since the Ivy League presidents announced formalization of the league, and indicated it expected its coaches to build character. Winning football teams were to be incidental.

Robert Kane, Cornell athletic director, confirmed a report that James, 55, had come to the end of the line after 25 years far above Cayuga's waters, 14 as head coach of the Big Red football team. Said Kane, in an announcement six minutes before the end of the Penn-Cornell game: "Lefty was a competent teacher, given too little time to teach. He did a good job for Cornell. It is doubtful if anyone could have done better under the circumstances. Cornell University and all Cornellians are indebted to him for long, faithful and dignified service."

James remained incommunicado after his team bowed, 18-7, to Penn in the traditional Thanksgiving Day game. But Wednesday, in a locker room at the Philmont Country Club where Cornell stayed for the Penn visit, he told the Associated Press: "It (the firing) hit me like a bombshell. I just didn't expect it."

James, asking that his remarks be kept off the record until after the Penn game, explained he had been called in last Tuesday—a week ago—and informed his contract would not be renewed.

Cornell had been experiencing tough sledding the past few years. The 1960 team wound up with a record of 2 victories and 7 defeats.

James compiled a 14-year record of 66 victories, 58 defeats and 2 ties.

Toar' Julian Wins Wrestling Contest

Frank "Toar" Julian of Salem won over Leon Smith of Cleveland in the Thanksgiving Night wrestling card at Hi-Neighbor Dance Hall.

Julian won with a toe-hold after 22 minutes of action.

Chris Pappas of Greece felled Tony Gardenia of Chicago after 19 minutes with a body press and Billy O'Toole of New York won over Ed Fieata of Steubenville on a disqualification in other action.

The six-man battle royale was copped by O'Toole, when he was the only man left in the ring and was declared winner.

In a amateur tag team match, teams of Mike Barkett of Columbiana and John Daley of Salem, and Mike Muger of Sharon and Hayward Whitehair of Salem fought to a draw.

Navy Favored To Beat Army

Explosive Bellino Gives Middies Edge

By JACK HAND
Associated Press Sports Writer
PHILADELPHIA (AP)—Explosive Joe Bellino makes once-beat-en Navy a slight favorite over Army Saturday at Philadelphia Stadium in their 61st meeting before 98,816 fans.

Bellino, a senior halfback from Winchester, Mass., whose 104 points make him the second highest scorer in the nation's major college ranks is the key to Navy's well balanced offense. Only Duke, which held Bellino scoreless by forcing him inside, has been able to shoot down the high-flying Middies who rank No. 7 in the Associated Press poll.

Army's attack has been made up of Tom Blanda's passes and the crashes of Al Rushatz, a 190-pound fullback, through the line. The Cadets have a 6-2-1 record, losing to Penn State and Nebraska and tying Pittsburgh. Their fine performance in upsetting Syracuse 9-6 and the statistical edge they held despite their tie with Pitt has drawn solid support to Coach Dale Hall's Cadets.

There will be full pomp and ceremony at the vast concrete stadium which will house its usual sellout crowd. The Cadets and Middies will stage customary parades before the game with kick-off scheduled for 1:30 p. m. and national network (ABC) television coverage.

If Navy wins, it may go to either the Cotton Bowl in Dallas where it would meet Arkansas or to the Orange Bowl in Miami where Missouri would be the opponent.

Bellino, the man who set a Navy record by scoring three touchdowns against Army in last year's 43-12 rout, probably is the most publicized football player in the nation. His 17 touchdowns and spectacular runs make him a marked man. Only Duke kept Bellino from scoring while the Middies were rolling up an 8-1 record.

Quarterback Hal Spooner's passes to halfback John Frichard, end Jim Luper or Bellino balance Bellino's running threat.

Army's Blanda, brother of George Blanda of the pro Hogs; ton Oilers of the American Football League, has thrown more of ten than Spooner (142 to 91) but each quarterback has a completion average of 5 per cent. Spooner has thrown seven TD passes, Blanda eight.

East 27-26 Victor In Gem City Classic

ERIE, Pa. (AP)—Gordon Bukaty of Buffalo University sparked the East team to a 27-26 victory over the West in the third annual Gem City Football Bowl Thursday.

Bukaty plunged a yard for one touchdown and tossed two scoring passes to Nick Anzelm of George Washington—one for 15 yards and another for 10.

Mike Scatena of St. Vincent (Pa.) College scored the other East touchdown on a 51-yard pass play from Charles Packer of George Washington.

Bill Cooper of Muskingum scored the West's first TD on a one-yard plunge, and Al Faunce of Northwestern tallied the second on an eight-yard run.

The West got its last two touchdowns on passes from Ron Costello of Xavier. He hit Steve McClellan of Wooster with a 15-yarder. With only 2:45 left in the game, Costello got off a 60-yard scoring play with a pass off a trip reverse to Jim Mullen of Xavier.

The West tried to run for the extra two points that would have put them ahead but were stopped short of the goal.

First National Bank, Beall's, Berlin Merchants Win Games

Berlin Merchants, Beall Battery and Electric and First National Bank came out on top in Salem Adult Basketball League contests Wednesday.

Salem Stamping, upset winner Monday over last year's champ Herron Transfer, went down to defeat in a close one with National Bank, 62-61. Berlin dumped Theron IGA, 60-53, and Beall B&E downed Bricker and Bricker Construction 61-55.

First National put together a

strong second quarter to get the upper hand on Salem Stamping. The Bankers, on the shooting of Andy Salkow and Steve Jucker, tallied 20 points in the second frame to overcome a 17-13 first quarter deficit and zoomed in front by 33-28 at halftime. First National held the same five-point margin, 49-44, entering the final stanza.

Jucker tallied 16 markers to lead the winners, while Salkow and Ken Pinkerton each had 10. Butch Platt's 21 paced Salem Stamping with Jim Foreman racking up 14 and Bill Pauline 13.

Each team now stands 1-1 in the league. Berlin Merchants, trailing 41-38, entering the final canto, rallied for 22 markers and won going away. Jim Coman and Don Schaefer each rapped in seven tallies to pace the final barrage.

The game was a see-saw affair all the way, with Berlin holding a 13-10 quarter and 25-24 halftime edge. Theron had taken the lead in the third, mostly on the shooting of Bobby Adams, who tallied nine points in the quarter.

Adams' 30 points led all scorers. Four men hit double figures for Berlin, with Coman and Schaefer hitting for 16 and 14, respectively, in leading the winners.

Beall Battery and Electric repulsed a late spur by Bricker and Bricker to take its win. Beall had a wide margin of 50-35 at the three quarter mark, but saw the final margin pared to six as B&B got hot.

Beall led at all quarter stops: 12-7, 37-25 and 50-35. Dick Beall with 18 and Ed Daugherty with 16 markers paced the winners, while teammate Frank Shagnot popped in 13. Burt Patterson had 19 for Bricker and Bricker, while Roy Yeager tallied 16 and Ed Votaw 12.

Action resumes Monday, with three games carded at Memorial Auditorium. Meissner's Sohio faces Beall at 8 p.m., Old Dutch Beer takes on Bricker and Bricker at 9 and Theron's goes against Coy Trucking in the nightcap at 10.

TOWN WITHOUT WATER

WEST UNION, Ohio (AP) — West Union residents hoped to have their water service restored today. The town's 700 private water users have been without water since Wednesday because of a break in a main near the pumping station. Rodney Grooms, water works superintendent, said workmen, replacing 400 feet of main hoped to be done today.

In the emergency, tank trucks have hauled water from Winchester and Chillicothe to the Adams County Hospital for use there. Water in the 100,000-gallon storage tank has been reserved in case of fire.

Apothecary Low Boy

Decorator's Gittings...

This Ethan Allen Apothecary Low Boy was inspired by the "travelling chest" of the itinerant peddler-apothecaries of Early New England. These chests were fitted to hold the drugs and "goodmother's herbs" that were the 17th century's answer to antibiotics.

This roomy 5-drawer Apothecary Low Boy (the 3 small drawers at top are ideal for storing the small items that tend to go astray so quickly) has all the charm of the original... and accents its clean lines with striking ceramic pulls. It's an ideal hostess piece — provides practical storage beautifully in living and family rooms.

For open stock Ethan Allen Early American furniture by Baumritter and all the charming unusual accessories that go so wonderfully well with Early American, come in and see our vast collection for every room in your home.
